

Guangzhou Ideal Catering Equipment CO.,LTD

Address: No.66 Haiyong Road, Haibang Village, Shiji Town, Panyu District, Guangzhou, PRC

Tel: +86-20-36299797

Fax: +86-20-23327758

Email: Carter@ideal-catering.com

Website: www.ideal-catering.com

1-3 Years Warranty

At Ideal Catering Equipment we structure our business around a partnership philosophy. This philosophy not only ensures that we select the finest possible staff to compliment our business ethics and standards. But also means that we treat each client as a partner. someone that is vital to the growth and success of our business in a very demanding industry.

The benefits of this philosophy are mutual. It allows us to offer unparalleled standards of service excellence alongside some of the finest quality equipment available, while you as the client benefit from our interest in your success.

The nature of your business is dependent on speed and quality. Delays cost money and customers. we understand this, and look to eradicate the problems by manufacturing and supplying equipment to clientele that rely on our standards.

At Ideal Catering Equipment we're passionate about what we do. You would not have entered the food industry if you weren't too.

Allow us to become part of your team, and reap the benefits of working alongside our experience as a supplier to both the local and international catering equipment markets.

Soft Ice cream machine

IIM-7T

IIM-52T

TECHNICAL DATA

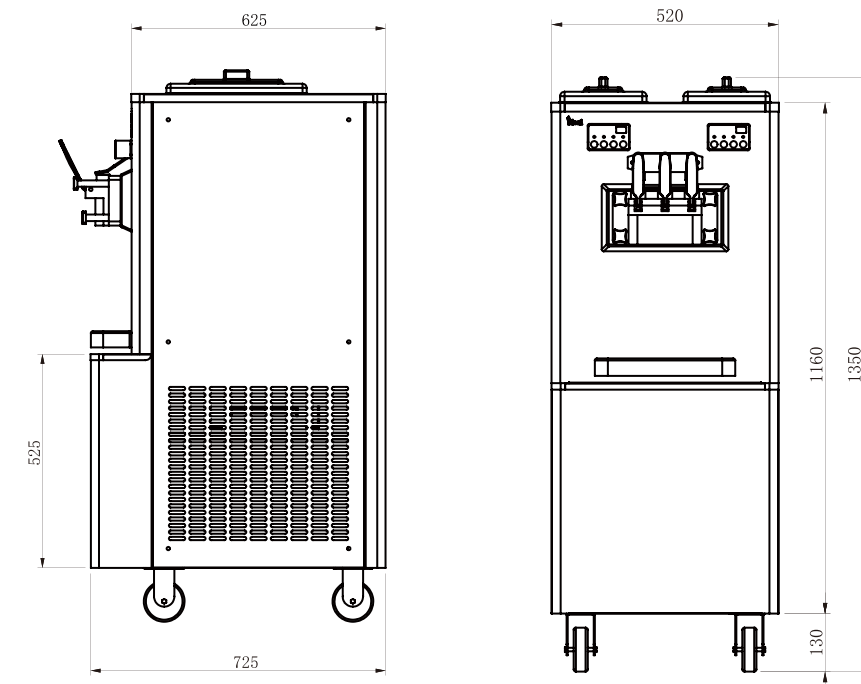

Model	IIM-7T	IIM-52T
Refrigerant	R404A	R404A
Compressor	Embraco	Embraco
Output	28-35L/Hour	32-44L/Hour
Volts	220-240V/50Hz	220-240V/50Hz
Power	2.5KW	2.8KW
Weight	210Kg	210Kg
Dimension	520*875*1345mm	520*875*1345mm

- **1· User's set up:**
Design your own setting for your shops or supermarket.
- **2· Mix low alarm:**
The low liquid alarm will sound when the hopper is lack of ice cream mix.
- **3· Microprocessor Regulation:**
Regulates the entire refrigeration process and maintains consistent product viscosity, adjustable through modifying viscosity between level 1 and level 5 on the front panel, thereby allowing users to fine-tune optimal serving temperature and viscosity.
- **4· Pre-cooling & Keep freshing function:**
Support cooling ice cream mixture overnight. Keep freshing for the ice cream material.

Micro-computer automatic control system with HD touch screen.

Air Pump system

— Grind mix with more air to a softer and smoother product, more overrun

TECHNICAL DATA

Model	IIM-32
Refrigerant	R404A
Compressor	Embraco
Output	32-44L/Hour
Volts	220-240V/50Hz
Power	1.7*2KW
Weight	210Kg
Dimension	520*725*1350mm

Independent refrigeration including air pump system

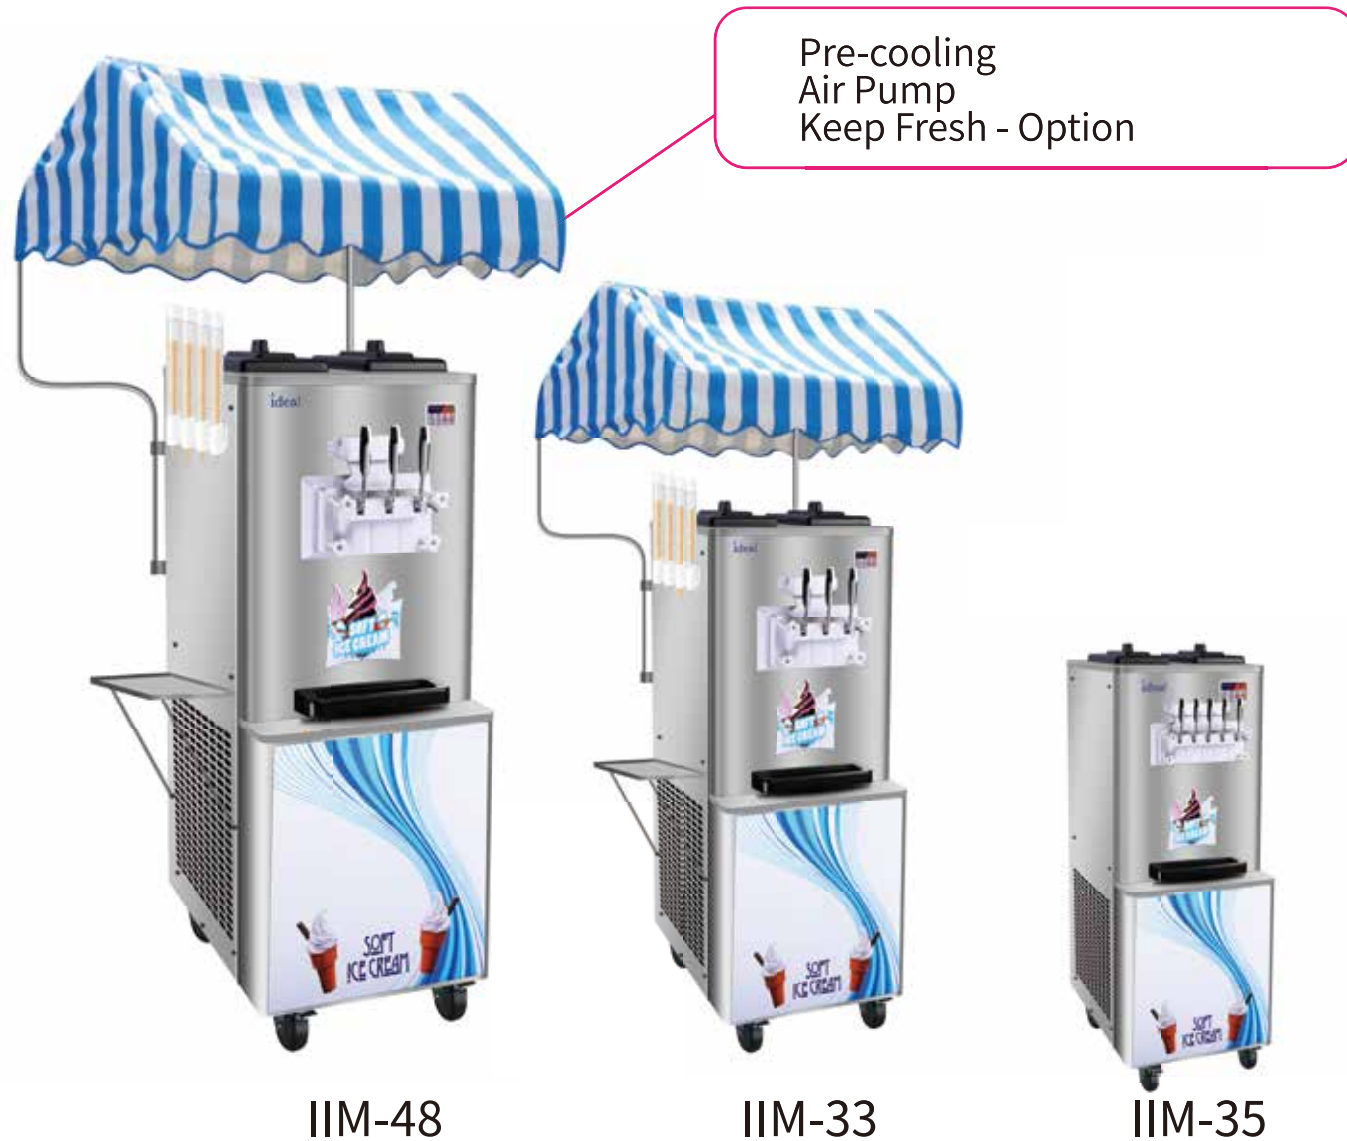

— Two individual refrigeration systems allows to work with different products in the cylinder.

Air pump system

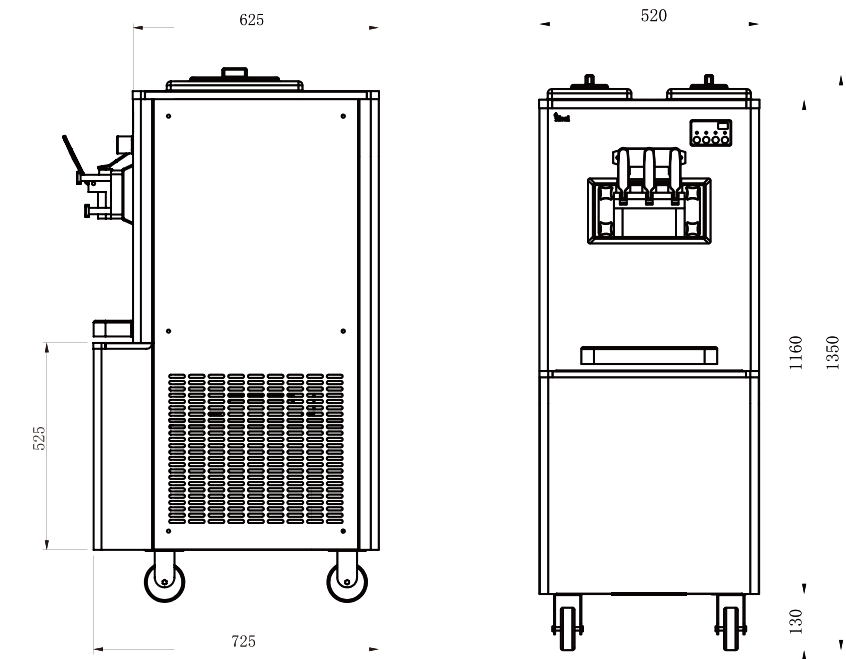

— Grind mix with more air to a softer and smoother product more overrun

- **1 • Fresh-keeping:**
Hopper cooling feature is able to keep temperature of the mix at or below 41°F(5°C), support cooling ice cream mixture overnight.
- **2 • Electrical:**
One dedicated electrical connection is required. Check with local electrician for cord and receptacle specifications if 50 Hz or 60 Hz Equipment is desired.
- **3 • Mix Hopper:**
Separate hopper refrigeration(Pre-cooling)with separate compressor to pre-cooling mix and maintain mix below 4.4°C.
- **4 • Material storage tank slurry mixing device:**
Maintain the mixture temperature even, It prevent cylinder block caking

- 1· Stainless steel mixer, large-capacity storage tank.
- 2· Material storage tank slurry
Maintain the mixture temperature even, It prevent cylinder block caking mixing device.
- 3· Safety Protection:
Shuts down for self protection when motor overload or compressor overheat occurs due to power surge or abnormal voltage from power supply.

TECHNICAL DATA

Model	IIM-33	IIM-35	IIM-48
Refrigerant	R404A	R404A	R404A
Compressor	Embraco	Tecumseh	Embraco
Output	33-38L/Hour	36-44L/Hour	40-55L/Hour
Volts	220-240V/50Hz	220-240V/380V	380V/50Hz
Power	2.4KW	2.4KW	4.2KW
Weight	160Kg	172Kg	210Kg
Dimension	520*725*1350mm	520*900*1350mm	520*725*1350mm

Fittings

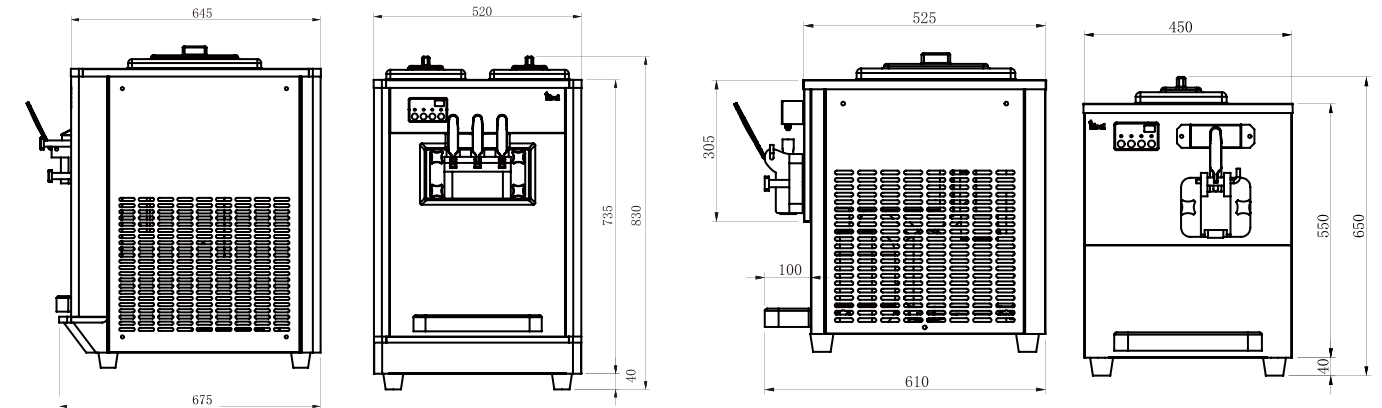

- Optional function for puffing, fruit jam, pre-cooling and core holder
- The ice cream machine has many colors to choose
- Optional power supply: such as 110V/60 HZ, 220V/50HZ, 380V/50HZ

Electrical

- One dedicated electrical connection is required. Check with local electrician for cord and receptacle specifications if 50 Hz or 60 Hz equipment is desired

- 1· Rear for assuring adequate air flow to operate the machine.
- 2· Stainless steel mixer, large-capacity storage tank.
- 3· Material storage tank slurry mixing device:
Maintain the mixture temperature even, It prevent cylinder block caking.
- 4· Safety Protection:
Shuts down for self protection when motor overload or compressor overheat occurs due to power surge or abnormal voltage from power supply.

TECHNICAL DATA

Model	IIM-03F	IIM-03T	IIM-01
Refrigerant	R22/R404A	R22/R404A	R22/R404A
Compressor	Panasonic/Embraco	Panasonic/Embraco	Panasonic/Embraco
Output	18-25L/Hour	18-25L/Hour	13-18L/Hour
Volts	220-240V/50Hz	220-240V/50Hz	220-240V/50Hz
Power	1.7KW	1.7KW	0.9KW
Weight	135Kg	108Kg	59Kg
Dimension	520*725*1350mm	520*675*830mm	450*610*650mm

Fittings

- Optional function for puffing, fruit jam, pre-cooling and core holder
- The ice cream machine has many colors to choose Optional power supply: such as 110V/60 HZ, 220V/50HZ, 380V/50HZ

Electrical

- One dedicated electrical connection is required. Check with local electrician for cord and receptacle specifications if 50 Hz or 60 Hz equipment is desired

IIM-18 / IIM-28

IIM-18E / IIM-28E

- **1•Adjustable hardness:**
Set up the time which you want to make the hardness of hard ice cream
The longer time you set,the hardness it will.
- **2• Safety Protection:**
Shuts down for self protection when motor overload or compressor
overheat occurs due to power surge or abnormal voltage from power
supply.
- **3• Easy Cleaning:**
Water nozzle available on the front panel for easy cleaning of machine
surface.

ICR-1R

ICR-1S

- **1·Cooling fan:**
The built-in cooling fan provides faster heat dissipation and greatly extends the life of the machine. Cooling is faster.
- **2·Air compressor:**
Embraco air compressor with environmental R404A refrigerant.
Panasonic air compressor with environmental R22 refrigerant.
- **3·Easy operation:**
Switch on power, put raw material, it can make fried ice instantly.
- **4·Stainless steel inner pot:**
Made of 304 food grade stainless steel, safe and healthy, rest assured.

TECHNICAL DATA

Model	ICB-1R	ICR-1S
Refrigerant	R22/R404A	R22/R404A
Compressor	Panasonic/Embraco	Panasonic/Embraco
Volts	220-240V/50Hz	220-240V/50Hz
Output	1.3KW	1.3KW
Weight	60Kg	73Kg
Dimension	650*680*945mm	650*680*945mm

Customization

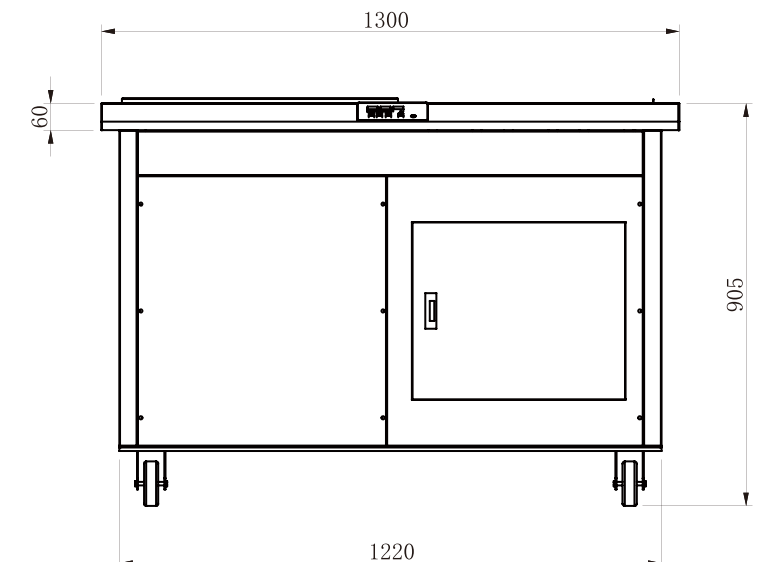

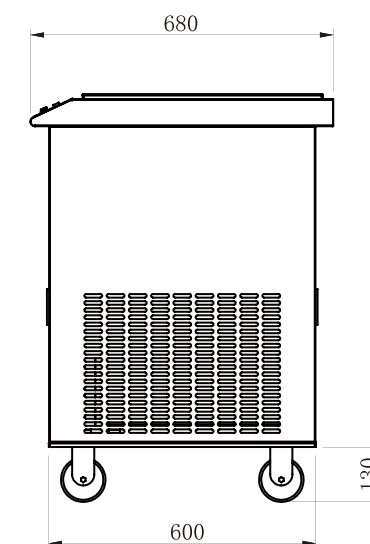

- According to different client requirement we can make a different quantity of barrels and pots.

Wide application

- Use for various sugary liquid, ice cream raw material, milk, various fruit juice.

BQG-1800/1500

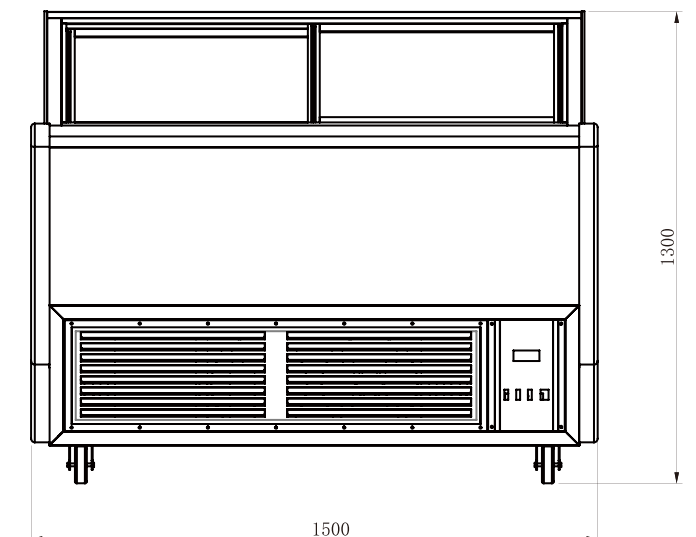

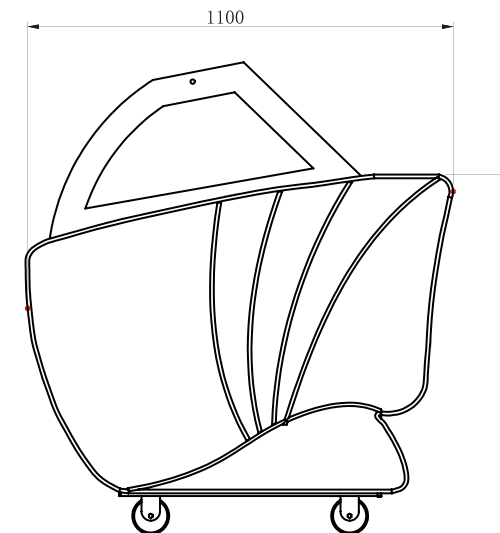

BQG-1200

- 1· Self-Lock devised universal caster wheel fix it well in the ground.
- 2· Built-in energy-saving fluorescent tubes enjoy the visualization of refrigeration space.

- 3· Energy-saving:
Use environmental protection foaming materials.thick foam layer,energy saving design effectively reduce energy consumption.
- 4· Defog system:
For prevent fogging inside the machine, show clearly to the clients and control cabinet wet.

Famous brand compressor low noise, low electric consumption

LED display temperature

—Microelectronic CPU accurately controls temperature LED digital clear display temperature.

Large display glass

—Door adopts large display glass, good insulation performance,and perfect for perspective.
